

The premium line of Towmaster® deck-over trailers has proven to offer durability, longevity and style that other brands try to emulate. The T-30 offers the heaviest capacity with electric brakes. It's built on our famous I-Beam main frame with a 20-foot deck complete with rear wood protectors. It also features a self-cleaning angle iron beavertail, two-way spring-assist ramps, and LED lighting.

Wood protectors are standard on Towmaster T-series trailers. They protect the end of the deck boards as equipment is loaded.

Self-cleaning angle iron beavertail provides positive traction when loading equipment.

Two-way spring-assist ramps allow easy lifting of ramps off the deck and the ground. Grommet mounted LED lights are standard.

Quick Specs:

- 33.5" deck height (loaded)
- 8'-6" deck width
- 20' deck length
- Electric brakes
- Tool tray lid standard
- Hutchens® suspension
- Self-cleaning angle-iron beavertail
- Two-way spring-assist ramps
- LED lights and sealed wiring
