

## **DEPENDABLE PERFORMANCE. SMART VALUE.**

### **MAKE EVERY MOVE COUNT WITH THE BOBCAT E17 COMPACT EXCAVATOR.**

The Bobcat® E17 compact excavator is designed for those who want proven performance at a price that works. With a retractable undercarriage for tight-access jobs, a standard arm for dependable performance and a lightweight platform for easy transport, the E17 delivers everything you need – and nothing you don't. Ideal for landscaping, construction and utility work, it's a straightforward machine that keeps your operation productive and profitable, whether you're a small business owner or a weekend warrior.

#### **PERFORMANCE AND UNMATCHED PRECISION**

Expect big performance in a compact frame, built for precision and productivity in tight spaces. Powered by a fuel-efficient 15 hp engine, it offers smooth control with load-sensing hydraulics. The retractable undercarriage, zero tail swing and foldable blade extensions provide efficient maneuvering in narrow areas.

#### **MAXIMUM VERSATILITY**

With standard auxiliary hydraulics and available attachments like an auger and breaker, you can outfit your E17 for the demands of the day. A hydraulic clamp can be added, as well as the option to upgrade from the standard pin-on system to a mechanical pin-grabber coupler to allow operators to quickly switch between tasks.

#### **COMFORT THAT WORKS**

Inside the operator station, you'll find a thoughtfully designed work environment built for optimal comfort and productivity. A standard canopy, flat floor and integrated display enhance the operator experience, while low-effort joysticks with standard fingertip boom swing and auxiliary controls help reduce fatigue on longer days.

#### **TRANSPORT MADE SIMPLE**

The light footprint of the E17 simplifies loading and hauling for simple transport, while its two-speed travel improves productivity on the jobsite. From its newly styled and reinforced covers to improved latching, robust frame construction and integrated lift points, the E17 is engineered for durability and easy transport.

# SPECIFICATIONS

MODEL		E17
GENERAL	Tail Swing Type	Zero
	Weight	3774 lb. (1712 kg)
	Dig Depth	87.8 in. (2230 mm)
	Reach at Ground Level	155.2 in. (3944 mm)
	Max. Dump Height	97.8 in. (2483 mm)
	Track Width	38.6-53.5 in. (980-1358 mm)
	Ground Pressure	4.3 psi (0.29 bar)
	Standard Track Tread Width	9.1 in. (230 mm)
PERFORMANCE	Arm Breakout Force	2680 lbf. (11,920 N)
	Bucket Breakout Force	3271 lbf. (14,550 N)
	Rated Lift Capacity (Over blade, ground level, 10 ft. (3 m) reach)	807 lb. (366 kg)
	Rated Lift Capacity (Over side, ground level, 10 ft. (3 m) reach)	540 lb. (244 kg)
	Travel Speed: Low/High	1.2/2.5 mph (1.9/4.0 km/hr.)
ENGINE	Emissions Tier (EPA)	Tier 4
	Horsepower	15.0 hp (11.2 kW)
	Engine Type	Diesel
	Fuel Tank Capacity	5.6 gal. (21.2 L)
	Battery Rundown Protection	Std
MACHINE FEATURES & OPTIONS	Automatic Slew Brake	Std
	Control Pattern Selector Valve	Std
	Fingertip Boom Swing Control	Std
	Falling Object Protection Structure (FOPS)	Std
	Roll Over Protective Structure (ROPS)	Std
	Fuel Fill Alert	Std
	Lift Eye	Std
	Retractable Undercarriage	Std
FEATURES FOR ATTACHMENTS	Mechanical Pin-Grabber Coupler	Opt
	Pin On Attachment System	Std
	Auxiliary Hydraulic Flow	7.9 gpm (30.0 L/min.)
	Auxiliary Hydraulic Pressure	2611 psi (180.02 bar)
	Fingertip Auxiliary Control	Std
COMPATIBLE ATTACHMENTS	Auger	Opt
	Breaker, Hydraulic	Opt
	Breaker, Nitrogen	Opt
	Bucket, Grading	Opt
	Bucket, Trenching	Opt
	Hydraulic Clamp	Opt
